

Green Party

ELECT

SERENA WOOTTON

YEOVIL CONSTITUENCY

I am standing to be your next MP. I will prioritise our communities and represent you and your family. Our towns and essential services have been poorly managed for too long, resulting in challenges for all of us.

I've collected feedback from households, to prioritise the areas that need my immediate attention. I will focus on improving the areas that will have the most significant impact in your lives:

- NHS
- Policing and Crime prevention
- Housing and new developments
- Employment and the economy
- Support for our farmers
- Education
- Public Transport
- Wellbeing and the environment

I will set targets for each of these, so everyone can track my progress and assess my performance.

The South Somerset Green Party webpage is regularly updated on each of these priorities:

This newsletter is printed locally on sustainable paper, delivered by local people from your neighbourhood on bike or on foot & the paper used is off set with annual tree planting.

I am proud to be your Green Party Parliamentary Candidate for the Yeovil Constituency. The General Election will allow you to elect a strong, competent, hardworking constituency MP. Years of helping community groups and charities across South Somerset as both Councillor and volunteer, has given me opportunities to meet and engage with thousands of people who want the best future for the area.

I have increased my weekly open surgeries to include evenings too so I can meet as many of you as possible. I will give everyone the chance to be seen and heard before election day, making sure that your opinions, thoughts and concerns are represented.

SERENA IS TRUSTWORTHY, APPROACHABLE AND HARDWORKING

SERENA'S JOURNEY

WHY SERENA IS STANDING AS YOUR MP

Serena came to politics later in life, realising that decisions made at local and national government were negatively impacting her neighbours and local community. Initially, working as a town councillor, she chaired Planning and HR committees, she introduced and pushed forward changes thanks to her diplomacy, common sense and leadership skills. Before moving to Somerset, she completed her studies at Oxford and had a successful professional career that included being an Assistant Head Teacher at a large special education needs school. She also brings a keen understanding of the challenges faced by local businesses, owing to her experience as a businesswoman.

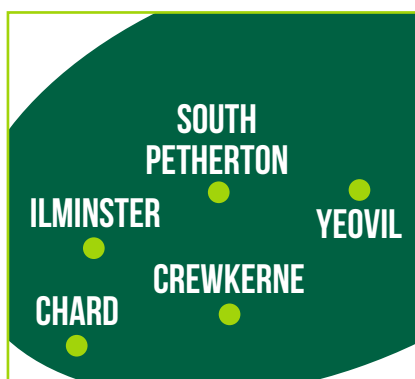

Serena has been an integral part of various local groups and a dedicated volunteer for many years. Her roles have included serving as the Vice Chair of the Covid Support Group, a trustee for a Youth Club, Strategic Director of Chard Community Hub, and more recently chairing the Chard Community Plan.

The Green Party supports their MP's to vote independently and always with integrity. Unlike the other parties, there is no forced national Green Party line where MP's must vote a certain way. This will allow Serena Wootton to wholeheartedly represent the constituents of South Somerset, free from the constraints of party mandates. This voting independence allows her to look after South Somerset's interests, making her a powerful advocate for the Yeovil Constituency.

Serena and her team will be delivering 4 letters and campaign updates before the next General Election, you will find copies of these on South Somerset Green Party page as soon as they are released. southsomerset.greenparty.org.uk/yeovil-ppc

If you can help with the campaign by delivering leaflets, putting up posters or boards, please get in touch
